

## GlycoFlex

Glyco-Flex® is a nutritional dietary supplement for dogs of all breeds throughout their lives. It is made from pure freeze-dried *Perna canaliculus* (Green-Lipped Mussel from New Zealand). It contains all major classes of glycosaminoglycans (GAGs) including Chondroitin -4- and -6- Sulfates. The *Perna* in Glyco-Flex® is also rich in amino acids, naturally chelated minerals, numerous enzymes, vitamins, and nucleic acids (RNA and DNA).
